

Implement the Regional Parent and Family Leadership RFP

Question and Answers set #2

1. *Can organizations that have already submitted a proposal resubmit a revised version by June 24, 2025?*

A: Yes, organizations may resubmit a revised version by June 24, 2025. The state requests that the applicant organization note it is a revised version in the subject or body of the email when submitting for clarification.

2. *What is the revised timeline for review and selection with the extension?*

A: The selection notifications are expected to be sent on or around July 31, 2025. The estimated timeline for review is as follows:

- Required statement review: 6/24 – 7/1
- Proposals reviewed by reviewers: 7/1 – 7/14
- Second level/leadership review: 7/12 – 7/30

3. *How does this extension impact the July 9-13 training expectation set forth in the original RFP?*

A: The training dates are to be determined for the fall of 2025. More information will be provided to selected organizations as it becomes available.

4. *If the maximum is \$75,000 per year but in year three organizations will be required to provide 50% of program costs and 100% by year four, what does that mean for the funding amount in year three?*

A: This answer will serve as clarification and final guidance from the previous FAQ regarding the funding maximum.

The maximum award amount for this RFP is \$225,000 total for all three years. The specific budgets for each awardee will be determined through any award and contract negotiations that reflect the awardee providing 50% of program costs in year three. For example, if an awardee's budget is the maximum allowed their budget may be \$90,000 for years one and two and \$45,000 in year three. That would bring the full awarded amount to \$225,000 for the life of the award.
