

Early Learning Scholarship Maximum Award Amounts

This document shows the annual maximum Early Learning Scholarships award amounts starting July 1, 2025. Award amounts are based on the child's age, program type, county where the program is located, and Parent Aware participation status.

To be eligible to receive Early Learning Scholarships, programs must be participating in Parent Aware. Parent Aware is a rating tool to help parents select high-quality early childhood programs. For more information, visit the [Parent Aware website \(ParentAware.org\)](https://parentaware.org).

To determine the maximum award amounts that apply to a particular program, select the county (in alphabetical order) where the care is provided, then select the appropriate Parent Aware status, type of care, and age of the child. To determine the maximum award amounts that apply to a program located in the cities of St. Cloud or Sartell, select the city where care is provided, then select the Parent Aware status, type of care, and age of the child.

If charged, Early Learning Scholarships can pay for registration fees on top of the award amount listed in the table. Learn about maximum registration fees on the [Early Learning Scholarships webpage](#). Other fees charged to all children such as curriculum, materials, transportation, activity, field trip, meal, etc. fees can be covered by the scholarship, but cannot be added onto the amount in the chart.

Maximum award amounts are set by the Minnesota Legislature. Legislators use the Minnesota Provider Business Update, a survey of prices charged by licensed child care providers in Minnesota, to inform the award maximum process.
